DOWN IN DEFEAT.
Col. Diener's Brave Bowlers
Lambasted By Col. Royper's Limestones.

"PERKIE'S" BATTLING SCORE.

As announced exclusively in THE LEADER, Captain Jean H. Royper's "Limestones" accepted the bid of Captain George Diener's picked bowlers, and the parties met and bowled it out at Ott's Alley last evening.

The contest was announced for two best in three, but the Limestones evidently misinterpreted the terms and made it three straight by the following score:

LIMESTONES
Archibaldson.....185 154 180
Royper.....185 154 180
Royper.....126 119 136
Watkins.....121 134 147
Dunbar.....147 134 147

FELL DOWNS
Diener.....136 162 167
Phist.....127 156 113
Pfeiffer.....149 124 128
H. Ott.....161 167 158
L. Cullen.....112 127 127

As will be seen, Mr. W. M. Archibaldson, whom every one delights to call "Perkie," made the bow score—an average of 173.

Captain Royper, however, his most distinguished consideration to Captain Diener, and hopes that when he again needs a challenge he will arrange for a lot of spiliers who will entertain the Limestones.

THE "SPINSTERS" CLUB
Delightful Entertainment By Ladies and Lassies at Mayslick.

Those who took active part in the entertainment at Mayslick.

Correspondence Public Ledger.

MAYSVILLE, KY., August 16.
As announced, "The Spinsters' Fortnightly Club," an entertainment under the direction of Mrs. Frances Featherston, was given in the I. O. O. F. Hall last night in the presence of the largest crowd of the best people we have ever seen packed into this hall. The demand for standing room exceeded the supply, many being turned away unable to gain admittance.

The proceedings were watched with more interest a good deal than a session of the United States Senate.

The President, Josephine Jane Green, Mrs. Jim Pogue, presided with dignity, introducing amusing and original parliamentary methods in preserving order.

The opening exercises consisted of the offering of sentiments by the members of the Club, some of which were very complimentary to the sterner sex, while some of them indicated a degree of acidity that was abnormal and the singing of "No One to Love" by the Club.

The Secretary, Rolla Abigail Hobbs, Miss Louise Fox, read the minutes of the last meeting and the Constitution, a tone which was completely above high G, and brought down the house.

The Treasurer, Mrs. Scott Collins, read the report which disclosed many unique items in receipts and expenditures.

The report of the Committee on Petition to Congress was read by the Chairman, Rachel Rebecca Scott, (Miss Pearl Leedom). It urged Congress to make times better financially so that the matrimonial market might improve.

The report on the State of the Matrimonial Market Mrs. Addie Mayall made the ears of several of the popular young men of the city tingle.

Robert Scott sang "Today I'm Sixty-two" and recited an original poem, "Lamb," with great acceptance.

Portia Olivia Bennett, Miss Mollie Burke, dressed very much like a dashing young man, advocated dress reform, while Penelope Gertrude Doolittle, Miss Bettie Wilson, advocated the model attire of the clinging type of women of the old style. The judges decided in favor of the latter.

Patience Desire Man, (Miss Myra Myall) sang with fine effect "Why Don't the Men Propose?" After song, Penelope Rebecca Collier, (Miss Charlie Kilgore), recited "The Day Before the Wedding," which pleased the audience greatly.

After this Prof. Honora Makeover, Mr. Bob Collins, was announced and warmly welcomed by the audience.

One by one the Spinsters were put into the Professor's cabinet, a crank was turned, around they went and disappeared to reappear in a few seconds ground over and transformed.

Missy Robert, at her request, was transformed into a young lady, blonde, and could recite beautifully, and out came a pair what she desired, who was Miss Sally Rieley, and recited in good style "Jerry and I."

Portia Olivia Bennett was transformed, at her request, into a young lady who could play the model attire.

Miss Rhoe Featherston of Asheville, N. C., was the one who came out to represent the fulfillment of this request and her violin solo was much enjoyed.

Penelope Gertrude Doolittle was charged into an electrician, which was none other than Miss Mollie Burke, who displayed great talent in that line.

One of the Spinsters, Miss Levia von Ray Houghton, wished to be transformed into a butterfly, and while in the process of rejuvenation the cabinet exploded and the meeting had a sudden ending amid the screams of the Spinsters.

The entire entertainment gave perfect satisfaction. Spas for this mentioning all the characters, but suffice it to say that the above and Spinsters' Club is composed of about twenty of Maysville's most talented wits and roses, as well as coquettes, and that their laudable efforts to establish a nucleus for a literary fund was success heartily enjoyed by their appreciative friends as well.

During the Civil War, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Greenville county, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by J. Jas. Wood & Son, Druggists.

A Mother Tells How She Saved Her Little Daughter's Life.
I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known at first it would have saved me a great deal of anxiety and my little daughter much suffering. Yours truly, Mrs. GEORGE F. BIRDSON, Liberty, R. I.

REBELS WHIPPED.

Battalions of the 12th Infantry Has a Brush with the Enemy Near Calicut.

THE INSURGENTS WERE ENTRENCHED.

The Filipinos Sent Heavy Volley Against the Whole American Line, But Shooting Too High.

Unable to Withstand Our Continuous Volley the Rebels Abandoned Their Trenches and Fled to the Northward-Intense Heat.

MANILA, Aug. 17.—The 12th infantry left Calicut at sunrise Thursday and advanced on the railway. Capt. Evans' battery deployed to the right of the track and Capt. Wood's to the left. Two companies remained on the track with the artillery. The insurgents were found well entrenched in front of the route, the trenches having been dug within a few days and since the occupation of Calicut.

At a distance of 1,500 yards the Filipinos opened fire. Their force was estimated by Col. Smith at 1,500, although the residents afterward said it exceeded these figures by a thousand. The enemy sent heavy volleys against the whole American line. Most of their shooting, as usual, was high, but they concentrated their heaviest fire down the track upon the artillery. Col. Smith kept the whole line moving rapidly with frequent rushes. The insurgents attempted to flank Capt. Evans, and therefore two companies were sent to the right and drove them back.

Unable to stand our continuous volleys, the Filipinos abandoned the trenches and retreated toward the town northward. It appears that they had only received their supply of ammunition Thursday morning. Had they been attacked sooner, they could have made little resistance.

The intense heat caused much suffering among the Americans. A reporter of the Manila Times, who was accompanying Col. Smith, was shot in the head probably fatally. One American officer received a slight wound in the face.

Lieut. Holland, of Gen. Wheaton's staff, who knew the country thoroughly as the result of reconnaissance, who assisted in directing the movement, received a volley while riding across a field close to the trenches, but he escaped unharmed.

SERIOUSLY HURT.

Jim Francy, knocked out by Frank McConnell in the fourth round, and is in a dangerous condition.

SAN FRANCISCO, Aug. 17.—It is thought that Jim Francy, of Cincinnati, the pugilist, who was knocked out by Frank McConnell in the fourth round before the National Athletic club Wednesday night, may be seriously injured. Francy was unconscious ten minutes, and it required the services of a physician in the ring to restore him to his senses. He was later taken to the city hospital, and McConnell and his seconds held to await the decision of the authorities.

Yaqul Indians Hosted.

MEXICO CITY, Aug. 17.—The latest information from the federal troops under command of Gen. Torres is that they encountered the Yaqul Indians on the left bank of the river between Potam and Medano. By a successful flank movement Gen. Torres surprised the rebels at 8:30 o'clock in the morning and routed them. The Indians made but a weak resistance and soon dispersed in the forest along the river, being hotly pursued. They left seven killed and a large number wounded. The loss to the federal troops was one killed and one death from sunstroke.

Philadelphia Relief Fund.

PHILADELPHIA, Aug. 17.—The fund in this city for the relief of the Porto Rican sufferers Wednesday reached \$1,142.30. The auxiliary cruiser Panther, now at League Island, is carrying supplies to Porto Rico, leaving within two days if possible.

Glanders Breaks Out.

LEAVENWORTH, Kan., Aug. 17.—Glanders has broken out among the government mules and horses at Ft. Leavenworth, interfering with the Philippines, and there is much consternation among the army officers over the disease.

MORE TRANSPORTS.

Secretary Root Declares That the Entire Body of Reinforcements Reach Gen. Otis During October.

WASHINGTON, Aug. 17.—Secretary Root has been in consultation with the officers of the quartermaster's department with a view to expediting the movement of the Philippine reinforcements, and as a result Wednesday afternoon directed that four additional transports be chartered. They are the Pueblo, Belgian, King O. Columbia and C. T. Nelson. These four ships have a capacity of 3,500 men. The Pueblo is now at San Francisco and the Columbia at Portland, Ore. The other two vessels are expected to arrive at San Francisco in ten days, and it is expected that all of them will be ready to sail for Manila by September 10.

It is Secretary Root's desire that the entire body of reinforcements for Gen. Otis' army may reach the Philippines for service during the month of October at the latest, and to that end he has been quietly negotiating for additional ships. It is now believed that all of the 10 regiments will have landed at Manila by the time the dry season opens. A short and successful campaign by the new army would of course obviate the necessity for sending any additional volunteers to the Philippines and the plans under consideration at the war department are said to be predicated on that idea. It being the intention that whatever additional troops may be recruited will be held in reserve for possible contingencies.

LABORI SLIGHTLY WORSE.

His Fever Continues to Increase—No Attempt to Extract the Bullet—Dreyfus Trial Continues.

PARIS, Aug. 17.—It is reported from Rennes that Capt. Dreyfus has asked Maitre Mornard, his wife's advocate, to replace Maitre Labori during the continuance of the latter's illness. Dr. Paul Reclus says that Maitre Labori was weaker Wednesday and suffered much pain. The physicians have not yet extracted the bullet, and they do not believe that Labori can attend court Monday. They say that it would be an act of great imprudence if he were to do so.

Maitre Labori was slightly worse Thursday morning. His fever continues to increase.

The trial by court-martial of Capt. Dreyfus was resumed Thursday morning without incident.

Gen. Bogert resumed his deposition, first dealing with the theft of Esterhazy's letters from Mademoiselle Plessy. No application for an adjournment was made.

As nearly as can be ascertained, the plan of the arriving mob is for a general massacre of the Jews near the anniversary of St. Bartholomew. It is claimed that the regular inhabitants of this town are in thorough sympathy with the malefactors, but it is not certain.

FIVE ASSAULTS.

That Many White Women Were Attacked by a Negro in Twenty-Four Hours.

FOUR SUSPECTS HAVE BEEN ARRESTED.

If the Right Man Can Be Positively Identified He May Receive Summary Punishment.

All the Assaults Occurred in the Suburbs of Little Rock, Ark., and the Women Were Attacked in Almost the Same Manner.

LITTLE ROCK, Ark., Aug. 17.—Five brutal assaults by a Negro man on white women have occurred in Little Rock in the past 24 hours. It is generally believed that all these crimes were committed by the same Negro, but three suspects have been arrested, and if the right man can be positively identified he may receive summary punishment. The victims of the assaults are all highly respected white women of this city. Their names are: Mrs. Belle Aiken, 214 Chester street; Mrs. Milton Young, 200 State street; Mrs. Kennedy, Fourteenth and Jones street; Miss Emma Longway, 1420 Booker street; a young lady at Twentieth and Cross streets.

All of the assaults occurred in the suburbs of the city. The first was that of Mrs. Aiken, which occurred Tuesday afternoon. As Mrs. Aiken was passing Twenty-first and High streets the Negro seized her and dragged her to the woods. She resisted and cried for help. A passerby frightened the Negro away after he had severely beaten his victim. Officers at once began a search for the assailant but failed to find him.

LEADING CHARACTERS OF THE DREYFUS COURT-MARTIAL.

At 9 o'clock Wednesday morning, a few blocks from the scene of the crime, Mrs. Young was assaulted in almost the same manner. The Negro knocked her down with such force that a nail was broken, causing internal injuries of a serious nature. He choked and beat her about the head and on the side inflicting very serious injuries. The Negro finally seized her, and disappeared into the woods. Mrs. Young, who is a frail woman, is in a precarious condition from her wounds and the shock. Her clothing was torn almost entirely off in the struggle.

An hour later Mrs. Kennedy was attacked at her home near West End park. She was knocked down, beaten and choked. Her children ran for assistance and the Negro fled. Mrs. Kennedy's injuries are very painful.

About 11 o'clock Emma Longway, the 13-year-old daughter of a grocer, was attacked and beaten by a Negro half a dozen blocks from West End park. She escaped from her assailant. City and county officers, together with a large number of citizens, were by this time scouring the vicinity for the Negro. The greatest excitement prevailed and the anger of the citizens in the neighborhood was thoroughly aroused.

The fifth assault occurred early Wednesday morning on a well-known young lady at Twentieth and Cross streets. She was likewise knocked down and badly beaten. Her face was badly swollen and disfigured from the effects of the blows.

These outrages were brought to the attention of Gov. Jones and he at once offered a reward of \$100 each for the arrest and conviction of the guilty parties.

Four Negroes have been arrested as suspects and lodged in jail. They all answer the description of some of the victims. They are Ed Wright, Joe Gardner, Will Morgan and James Randle. Wright has been positively identified by Mrs. Kennedy as the man who assaulted her. As soon as darkness fell men began flooding toward the vicinity of the jail and by 10 o'clock fully 2,000 were on the streets.

About 11:30 o'clock an attempt was made to storm the jail. The leader of the mob was arrested by Sheriff Kaufman on a charge of inciting a riot and lodged in jail.

JOHN R. GENTRY WON.

The Little Hay Stallion is Still King of the Light Harness Races—Time 2:03 1-2; 2:04 1-4—Searchlight Third.

ROCHESTER, N. Y., Aug. 17.—The little hay stallion John R. Gentry is still king of the light harness races. At the Rochester Driving park, Wednesday afternoon, the three greatest racing stallions of the American turf, John R. Gentry, 2005, Joe Patchen, 2014, and Searchlight, 2041, waged a little royal for the supremacy. The attendance was 8,000. The track was very fast, and, although there was a slight breeze down the home stretch, it did not seem to hold the racers as they turned into the stretch and headed for the wire.

The first heat was the best of the race. The owner of Patchen, W. S. Haws, at the last moment decided to drive in place of Dickerson. The scoring was prompt and at the fourth attempt the horses started to pace the race of their lives.

At the quarter Gentry was a length and a half behind, while Patchen and Searchlight were on even terms. The leaders held the same position when the half mile pole was reached and Gentry had dropped back another length and a half. All three were driving at the three quarters, but it was not until the stretch was entered that the mass of cheering and wildly excited spectators saw coming out of a cloud of dust in the rear of the leaders, who were pacing like a team, a flash of hoofs and the steel gray cap and ears of Billy Andrews, who, with a masterly hand, guided his magnificent charge to the outside of the track and shot to the front like a meteor. Faster and faster, with every fraction of a second seemingly gaining greater speed as they came on toward the wire, moved the flying sulkeys until the gap was closed. A hundred yards from the wire Patchen went into the air and Searchlight's driver began to
